

*What an honour to be an ambassador for this mental health unit; just what Cornwall has needed for so long. Having ran, swam and cycled the length of Cornwall as High Sheriff to raise funds for mental health for the young people of Cornwall, I am very passionate about trying to help in any way I can. Please let us all help to make Sowenna the best home in the country for young people to recover within the gorgeous countryside of Cornwall close to their families.*

JANE HARTLEY DL
